SUMMARY

Passionate Computer Applications graduate with hands-on experience in React.js, Next.js, Express.js, and MongoDB, skilled in building responsive, user-focused web applications. Eager to apply creativity and technical expertise to deliver impactful digital solutions.

EDUCATION

AIMT, Lucknow

Bachelor of Computer Application (BCA) - 8 CGPA

University of Lucknow

August 2023 – 2025

Army Public School

High School/Secondary Certificate Programs - 96.2/93.6

Fatehgarh Cantt.

2012 – 2021

EXPERIENCE

Virtual Internship – Accenture

July 2024

Forage

- Gained hands-on experience in data cleaning, manipulation, and transformation techniques.
- Analyzed datasets, created visualizations, and presented findings in simulated business scenarios.
- Explored real-world applications of data analytics across industries.
- Performed hypothesis testing, regression, and variance analysis to support data-driven decisions.

Volunteer Internship

August 2024

InAmigos

- Coordinated projects and collaborated with remote teams using digital tools.
- Engaged in strategic communication and stakeholder interaction.
- Gained practical experience with productivity platforms essential for remote work environments.

Relevant Coursework

August 2024

Generative AI – Microsoft and LinkedIn Learning

- Learned the fundamentals of neural networks and deep learning models.
- Applied generative algorithms for creative content generation.
- Explored ethical practices and responsible AI development.

PROJECTS

Blog Platform | React, Tailwind CSS, TinyMCE, Node.js, Appwrite

Sep 2024 – Oct 2024

- Built a responsive blog featuring rich text editing using modern web technologies.
- Designed clean, user-friendly layouts balancing aesthetics with functionality.
- Optimized performance and integrated analytics tools for user behavior tracking.

OpenResponse – True Feedback | Next.js, MongoDB, Resend API, Shadcn UI, Zod

Jan 2025 – Feb 2025

- Developed an anonymous messaging platform with real-time message delivery.
- Integrated the Resend API to enable secure email-based communication.
- Designed a responsive UI using Shadcn UI components.
- Implemented robust input validation and security using Zod.

TECHNICAL SKILLS

Programming Languages: Java, C, SQL, JavaScript, HTML/CSS; Familiar with OOP concepts

Frameworks: React.js, Node.js, Next.js, Express.js, Bootstrap, TailwindCSS, Zod

Developer Tools: Git, GitHub, VS Code, MongoDB, Postman, Appwrite, Resend API, Cloudinary, JWT Auth
